Representative of fitted space within the building

Location

The property is located on the south side of Short's Gardens in Covent Garden, one of central London's most desirable and sought-after sub-markets.

The Building is ideally located, giving easy access to Covent Garden, Holborn and Tottenham Court Road Stations, which serve the Piccadilly, Northern, Central and Elizabeth Lines. The area is famous for offering a wide range of world class shops and restaurants.

Description

Arclight is a modern interpretation of this striking Victorian industrial building, creating best-in-class, sustainable workspaces with new floors and roof extensions. The place that once lit up theatreland will now generate a new kind of positive energy for the occupiers of Covent Garden's Seven Dials.

The two floors offer brand new Grade A specification office space, with a bold contemporary finish. The floors are available independently, or combined, with the potential of an interconnecting internal staircase if required. The 3rd floor benefits from a stunning, large, brand new private terrace.

Covent Garden

The modern story of Covent Garden began in the 1630s, when an area formerly belonging to Westminster Abbey known as 'the Convent Garden' was redeveloped for the 4th Earl of Bedford, with a world-famous Piazza by Inigo Jones.

Covent Garden is one of London's leading tourist and shopping destinations with a large selection of restaurants, theatres and flagship retail stores, some of which are unique to the area. The famous Piazza is a focal point, with an exclusive market and live entertainment all year round.
